We received your letter of resignation with regret. We will miss your participation in our programs and discussions.

While we do recognize a member's right to join or resign from any organization for any reason, we did feel that as officers of the Hendersonville League of Women Voters, it was important to clarify its mission and purpose. The League of Women Voter's stated mission:

The League of Women Voters is a nonpartisan organization that encourages the informed and active participation of citizens in government. The LVW works to increase understanding of major public policy issues and influences public policy through education and advocacy.

has not changed to educate citizens and advocate for polices and issues as adopted by study and consensus, as well as to encourage women to vote. The League of Women Voter is and always has been a multi- issue organization and probably few of us agree with every adopted policy and position of the LVW.

We appreciate your voicing your reasons and concerns to us.
